EMIG SUMMER SCHOOL 2020

Engineers Made in Germany

Hochschule
Pforzheim

Six weeks.
Nine credits.
A once in
a lifetime
experience.

May 16 –
June 27

Join the EMIG Summer School 2020

Germany has always been synonymous with engineering. No other country has shaped the profession and the image of an engineer more than Germany. Its reputation as a land of inventors has been the result of many successful patents, one of its most famous figures being Gottlieb Daimler, the inventor of the first car. Come to Pforzheim and gain an insight into this spirit of invention. A place closely connected to the history of cars and today's automotive industry. There are many prominent automotive plants and component suppliers located near the very same route which Bertha Benz took during her pioneering car drive from Mannheim to Pforzheim.

We offer you a close-knit personal summer program at the internationally recognized Pforzheim University. The EMIG Summer School combines high quality education and a wide cultural program with various company visits and excursions to places in Germany and Europe.

Courses 9 credits, 3 courses, 110 contact hours:

- Production Management & Supply Chain Management focusing on the German automotive industry
- Engineering in Manufacturing
Robotics, Laser Materials Processing, Sustainable Mobility, Cyber Physical Systems, Automotive ECU Development
- German as a Foreign Language at two different levels (beginner and advanced)

Included excursions & company visits

- 3 day trip to Munich
4 day trip to Berlin
- day trips to places in Germany and France like Heidelberg, Strasbourg, Stuttgart, Karlsruhe and the Black Forest
- company visits at plants like Mercedes Benz, Audi or Porsche
- Deutsches Museum, Daimler Museum, Porsche Museum, BMW World, European Parliament

Living in Pforzheim

All EMIG Summer School participants live together in shared apartments with single or double rooms. The apartments offer fully equipped kitchens, free WIFI, television, bed sheets, washing machines and drying facilities. They are located in the city center with bakeries, supermarkets and cafes in the near vicinity. Pforzheim University can be easily reached using the public transport ticket which is included in the fee.

Discover a new culture together with your friends. Explore Europe in spring and summer 2020. Participate in our renowned engineering studies. Get a glimpse of famous automotive production facilities at first hand. Saunter through the streets of Berlin, Munich, Strasbourg and Heidelberg.

"The most unforgettable experience by far. I would do it again in a heart beat."

"The dedication and time that the EMIG staff put into ensuring that we all had a good time was incredible. They treated us like family."

"In these six weeks I learned so much about myself, about culture and industry. These are learnings I can carry with me forever and apply them to my everyday life and career."

"I loved every second of it. I came home having one of the best experiences of my life and wishing I could immediately go back. It was life-changing to say the least."

"The value for money-ratio was off the charts really. And everyone was so quick to come together and make friends."

"I loved my time. EMIG exceeded my expectations in every way. Thank you for everything."

"Absolutely awesome!"
